Woodward & Lothrop New York-WASHINGTON-Paris

We Are Now Holding Our Annual August Sale of Wool Bed Blankets

At Prices & to & Les Regularly.

You have to look ahead-to the winter months-and consider winter needs, but the savings are such that almost every housekeeper and others as well will be glad to be foresighted. This sale presents an opportunity to buy good Blankets at the lowest prices. True they are samples and seconds, but what of that, when they neither reduce their wear nor affect their appearance? In the factories in which these Blankets are produced the inspection is very critical. Experts are employed to make sure that every Blanket produced is perfect. Whenever they find one that is not, it is held out.

These are the kind of Blankets that make up this August Sale-first selection seconds, with only an oil spot, a heavy thread or an uneven border. The average person cannot notice these slight imperfections. They will not harm the service in the least.

White and Colored Blankets, with borders in various colors and designs, and in sizes for single. three-quarter, and double beds.

IF PERFECT, THE PRICES WOULD BE ONE-THIRD MORE.

In the District Courts.

Cash legacies of \$1,000 each are left to two nieces and two grend-nieces by the will of Mrs. Brunette S. McDonald, filed for probate yesterday. The nieces are Mrs. Hills, of this city, and Mrs. David Scott. The grand-nieces are Mrs. Daisy E. Smith and Beatrice Van Pless. After government. Friends yesterday prosented directing that all jewelry and household effects be given to the four nieces and grand-nieces, the instrument gives the residue of the estate to Mrs. Hills in trust to pay \$25 a month from the income to Isaac N. Whitney, of Oswego, N. Y. brother of the testatrix, for life. Upon his death what remains is to go to Mrs. SOUTH AMERICAN TRADE Hills, Mrs. Scott, and Mrs. Smith. Mrs. Hills is appointed executrix.

The Secret of Health is Elimination of Waste

Every business man knows how difficult it is to keep the pigeon holes and drawers of his deak free from the accumulation of useless papers. Every housewife knows how difficult it is to keep her home free from the accumulation of all manner of useless things. So it is with the body. It is difficult to keep it free from the accumulation of waste matter. Unless the waste is promptly eliminated the machinery of the body soon becomes clogged. This is the beginning of most human ills.

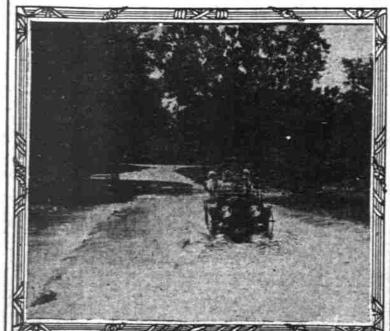

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

Assists the stomach in the proper digestion of food, which is turned into health-sustaining blood and all poisonous waste matter is speedily disposed of through Nature's channels. It makes men and women clear-headed and able-bodied—restores to them the health and strength of youth. Now is the time for your rejuveration. Send 50 cents for a trial box of this medicine.

Send 31 one-cent stamps for Dr. Pierce's Common Sense Medical Advisor-1008 pages-worth \$2. Always handy in case of family illness.

VALUE OF BUSINESS TRAINING.

Most people greatly underestimate the education which comes from business training. A good business n.an's mind is in perpetual training, and qualities are inverioped which do not come out in a college course. Take, for example, the development of ingenuity, inventiveness in a young man who goes into business for himself with a small, or with practically no capital. What a splendid training comes from his faculties being put continually on the stretch to bring about the means which should produce a definite end. No slovenly planning or hapharard work is possible here.

Think of the discipline which comes from being forced to make every dollar perform the honors of five. Many a

perform the honors of five. Many a pound young man becomes an adept in getting much out of little. The constant piecing out, eking out, stretching his little capi-tal to make it bring the greatest possible returns, is a perpetual education. How it develops originality in the man, who is forced to think along new lines, to make a continual effort to find new and better ways of doing things, to try to find shortcuts and simple methods for roundabout. Involved system: That "necessity is the Resume Duties Here. mother of invention" has passed into the residue to the widow, Ida Molinard have been added that necessity is the Yeates, who is also named as executrix.

the courage, the endurance, the ambition. What pigmies we should be but for the We would gradually sink back few days.
the brute. Take, for example, The Russian Ambassador again to the brute. Take, for example, again to the brote. Take, for example, any one quality, like good judgment. How bakhmeteff are at Newport, and it is could this ever be developed but for this constant necessity of exercising of choice, main closed for the present. Ambassa-

still another brother, E. Clark Smith. by the European situation. crushing out originality and individuality. Nature is opposed to one-sided develop-ment; and the man who only trains one part of his mind to do one thing pays very heavy penalty. A symmetrical, full-rounded development is what nature is

A business career thus has a great as It gives an all-round development. The Postoffice Department yesterday

Any system of training which does not exercise all of the faculties of the mind tends to injure those not in constant use. One-half of the college graduates, at the present time, enter business. Not very long ago, nearly half of our college graduates the lesuance to one person of an international money order to \$100.

As the reason for this order it is stated at the department that the sudden and extraordinary advance in business was not a very attractive proposition; but the new civilization, the enormous commercial development of our country, has made business king; and slittering prizes are held up everywhere in the business world.

Will be presented at the Civil Engineer-ligh Summer Camp of the Massachusetts Institute of Technology by George W. Repetti, of 404 Seward street, who is of about to enter his sophomore year at the lessuance to one person of an international money order to \$100.

As the reason for this order it is stated at the department that the sudden and extraordinary advance in bankers exchange due to the public apprehension of a general European war may lead to abuses of the money order system because of the money order system because of the money lower rates of conversion obtainable at postoffices.

Postmaster General Burleson states the institute of Technology by George W. Repetti, of 404 Seward street, who is of about to enter his sophomore year at the lensitute. The company left Boston promises the institute of Technology by George W. Repetti, of 404 Seward street, who is of about to enter his sophomore year at the lensitute of Technology by George W. Repetti, of 404 Seward street, who is of about to enter his sophomore year at the lensitute of Technology by George W. Repetti, of 404 Seward street, who is of about to enter his sophomore year at the lensitute of Technology by George W. Repetti, of 404 Seward street, who is of about to enter his sophomore year at the institute of Technology by George W. Repetti, of 404 Seward street, who is of about to enter his sophomore year at the insti o, but prize equally the broader, more this country.

CROSSER BILL

Claim No Need Here for Municipal Ownership of

COMMISSIONERS SCORED

Committee Report Says District Officials Acted Either in Blind Enthusiasm or Gross Carelessness.

Scoring the District Commissioners and Scoring the District Commissioners and declaring that "we unanimously agree that local conditions in the District do not call for municipal ownership of the street railways," the minority report on the Crosser municipal ownership bill, signed by seven members of the House District Committee, was presented to the House yesterday by Representative Winslow, of Massachusetts.

The members signing the record the

The members signing the report are Representatives Samuel E. Winslow, Eugene E. Reed, Samuel Wallin, A. L. Keister, S. F. Prouty, T. H. Caraway and Ben Johnson. In a note appended to the report Representatives Prouty and Caraway say they personally favor municipal ownership of electric street rate.

"Only two real points were made in support of the contention that municipal ownership is needed in the District," says the minority, "that citizens would be given universal transfers and that the companies are now overcapitalized, and companies are now overcapitalized, and companies are now overcapitalized. companies are now overcapitalized, and in consequence the traveling public is being cheated out of proper rights which it would obtain under public ownership.

"Universal transfers are urgently need-"Universal transfers are urgently needed in the District," the report continues.
"We believe the quickest and surest way to obtain universal transfers is far the Public Utilities Commission, with single

Analyzing section 8 of the bill, provid-Analyzing section 8 of the bill, providing for a sinking fund, the report says:

"On the basis of the present earning capacity of the existing companies, it is obvious that unless the District can buy the railways for less than the present market value of the outstanding securities, the annual income would not be sufficient to pay the interest on the bonds and to pay the sinking fund a definite annual sum sufficient to redeem the bonds at maturity."

The conclusion of the minority is re-

by the National Civic Federation after its utilities:
"The committee takes no position on

the question of the general expediency of either private or public ownership. The question must be solved by each municipality in the light of local conditions. What may be possible in one community may not be in another. In some cities the companies may so serve the public as to create no dissatisfaction, and nothing may be gained by experimenting reau force and will run day and night shifts for the next thirty days.
